DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 21-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Hooven et al. (5,43,721). Hooven et al. disclose a stapler head, comprising:

- a first jaw including an anvil;
- a second jaw operatively associated with the first jaw, opposing the first jaw and including a staple driving mechanism;
- an actuation mechanism associated with movement of the first and second jaws, a distal end of said actuation mechanism releasably coupling to a proximal end of the stapler head whereat at least the second jaw thereof is carried; and
- a staple holder including a staple supply; wherein the staple holder is removably receivable by the second jaw;

the staple supply is actuable by the staple driving mechanism when the staple holder is received by the second jaw; and

- a first actuation member responsive to an actuation mechanism for causing a clamping movement of the first and second jaws; and
- a second actuation member responsive to the actuation mechanism for

controlling the staple driving mechanism to fire the staples Figures 5-9 and col. 4, line 35-col.5, line 41).

Allowable Subject Matter

Claims 1-9, 11-20 and 25-29 are allowed.

Claim 24 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
